Oral Health & Preventive Dentistry is a quarterly journal conveying scientific progress to clinicians, general practitioners, teachers, researchers and public health administrators in the field of oral health and prevention of caries, periodontal diseases, oral mucosal diseases and dental trauma. It includes original hygiene, oral epidemiology, oral health promotion and public health aspects as central topics of the scope.

Oral Health & Preventive Dentistry is covered in MEDLINE, Science Citation Index Expanded, Journal Citation Reports/Science Edition, Current Contents/Clinical Medicine, and Cumulative Index to Nursing and Allied Health Literature (CINAHL).
