Oral Health & Preventive Dentistry is a peer-reviewed online journal conveying scientific progress to clinicians, general practitioners, teachers, researchers and public health administrators in the field of oral health and prevention of caries, periodontal diseases, oral mucosal diseases and dental trauma. Its scope includes oral hygiene, oral epidemiology, oral health promotion and public health aspects as central topics.

Oral Health & Preventive Dentistry is covered in MEDLINE, Science Citation Index Expanded, Journal Citation Reports/Science Edition, Current Contents/Clinical Medicine, and Cumulative Index to Nursing and Allied Health Literature (CINAHL).
